

Analysis of the sectoral export performance for 10 months of 2022

Summary

- The export trend of October'22 over September'22 has mostly been negative growth in almost all subcategories except leather products (42-43) as illustrated in the infographic below:

- Major reasons behind the export fall are consumer demand decline in fashion products because of the increased probability of economic recession, the ongoing Russia-Ukraine war for stoking global inflation, buyers are following cautious steps to manage new orders and inventory, the high prices of raw materials in the global markets, higher interest rates in export destinations, and buyers are reducing work orders for Bangladesh as they are stuck with too much inventory at their stores etc. among others.
